HYBRID SEMINAR: WORLD ENVIRONMENT DAY 2021

JUNE 03, 2021 | KARACHI MARRIOTT HOTEL & ZOOM

UNITED NATIONS DECADE ON
**ECOSYSTEM
RESTORATION**
2021-2030

**WORLD
ENVIRONMENT
DAY**

Inspired by 10 Billion Tree Tsunami Initiative, the UN Environment Program graciously announced to host the World Environment Day (WED) 2021 in PAKISTAN.

It was year 1985 when Pakistan hosted first-ever the WED in the country, focused on Youth: Population & Environment. After long-awaited 35-years, Pakistan once again honored to host the World Environment Day 2021 will avail the opportunities to highlight environmental issues and showcase the country's own initiatives and its role in global efforts.

With an announcement that Pakistan will be hosting the WED2021, Ms. Inger Andersen, Executive Director of UNEP said:

Pakistan has shown real leadership in efforts to restore the country's forests; we are grateful for their commitment to host World Environment Day 2021 and lead the charge for all nations to restore our damaged ecosystems through the UN Decade on Ecosystem Restoration.

THIS YEAR WED2021 THEME IS:

Ecosystem Restoration which has been defined by UNEP as "Ecosystem restoration means assisting in the recovery of ecosystems that have been degraded or destroyed, as well as conserving the ecosystems that are still intact. Healthier ecosystems, with richer biodiversity, yield greater benefits such as more fertile soils, bigger yields of timber and fish, and larger stores of greenhouse gases."

NATIONAL FORUM FOR ENVIRONMENT & HEALTH

(NFEH) is the only organization established on the eve World Environment Day i.e. June 05 (1999) and enjoying the status as Accredited UNEP major stakeholder as non-governmental organization since December 2005.

NFEH, continuing its 21-years of consistent efforts to promote climate change, NFEH has planned to celebrate World Environment Day on June 03, 2021 at Hotel Regent Plaza Karachi. Eminent guest speakers, participants and media will witness the 48th Celebrations of WED2021. The expert environmentalists will deliver presentations and speeches on WED's this year theme: Ecosystem Restoration involving the audiences to act together in government efforts and play their contributive roles and action.

ECOSYSTEMS
Restoration

FOLLOWING ARE SOME SILENT FEATURES OF THE SEMINAR:

- ① Keynote Speech & Presentations – How to contribute in restoration of Ecosystem?
- ① An eye on Pakistan's recently launched "Ecosystem Restoration Fund" and "Protected Area Initiative"
- ① Seminar Recommendations, Restoration Benefits and Actions for everyone
- ① Showcase of Corporates Initiatives & Achievements for the restoration of ecosystem
- ① Pledge for "Ecosystem Restoration" by the participants
- ① Live Coverage and participation via Zoom and YouTube
- ① Roadmap for Corporate and Industries to get benefitted from the Restoration Initiatives

It's now our prime obligation to give our generation's next 'the best Environment to nourish and cherish' and these can only be possible "if we act and invest responsibly in creating good environment for everyone" regardless wherever we reside, work and move around.
